WHY STEPHEN SIMMONS?

Let's be honest - nearly all weddings have boring bits... do you want yours to be an exception?

There are lots of good reasons why so many people are choosing to have an Emcee at their wedding

There are also good reasons why Stephen Simmons is one of the most sought-after wedding Emcees in the UK

Your guests will love you for finding an incredible entertainer and host. Stephen will love nothing more than getting everyone talking, laughing out loud and creating a huge buzz at your wedding

And you will love being the center of attention at all the important points, and knowing your guests are enjoying your special day to the max.

MAGICAL EMCEE

Are you looking for a stress free and unforgettable wedding day?

I am a magical host who will make all of the big announcements on the day, keep the entire day on track. I'm a wedding magician and emcee.

My mission is very simple...to ensure your wedding day runs smoothly, everyone has a great time, so you can relax knowing your guests are being looked after and will remember your wedding day for all the right reasons.

AND keep everyone entertained along the way. Modern Toastmaster: Like a traditional toastmaster, but without the red suit and gavel.

I welcome guests, introduce the key stages of the day and make sure everyone is in the right place at the right time.

Add to that a quirky sense of humor and mind bending magic tricks...and you have a perfect combination of relaxed vibes, humor and organization that brings all sides of the family together.

The best investment we made for our wedding day”
